## Dictionnaire français lingala pdf

Author/copyright: Pascal Grouselle. Last updated: 10/07/2017 - 508 entries Randomly from the dictionary: lipsa (plur: mapsa) means twin. Download this Webmaster Dictionary: This dictionary on your All Freelang Dictionaries page for best results: This site specializes in translating from lingala to French, but if you are looking for a translation from French to lingala, check out the freetext option and it will also look in descriptions and examples. I hope your French word will be in or the sentence will already be in the examples. You increase your chances by placing your French words in the infinitive and singular for the freetext option. The database contains accents, but recognition ignores accents, so don't rely on it try the singular if the plural is not found (I'm working on it, but not all words already have a plural defined in the database) Glue the plural prefixes and conjugations as it should (nalings, kotanga, bazaars, bandeko, bakiti,... no nako zonga) Numbers, even large, will be translated into lingala Feel good to report bugs and send suggestions or questions by email to dic@lingala.be. Do not hesitate. opinions are welcome. Good visit, good looking interesting videos: lingala easy 2018 lingala easy 2019 Lingala is a language spoken mainly in the Democratic Republic of Congo (Kinshasa) and Congo (Brazzaville). In these countries Lingala, which has the status of a national language, is widely used in the media, the army, official speeches, but also in the popular song. There are about thirty million speakers, this is the most important language of the vehicle in Central Africa. The Freelang dictionary (for Windows or Android) allows you to browse lingala-French and French-Lingala lists. You can search for a word, add your own translations, edit or delete existing posts, and learn vocabulary from your personal training lists.
